# Curly Beans: The Elevated Experience in Coffee Cart.

01

**WHY CURLY BEANS?** We don't just serve coffee; we **elevate your event.**

- 1. Service with Heart:** We bring the warm, friendly energy of your favourite neighbourhood café to your big day. Reliable, professional and always smiling. A woman-owned, Muslim-friendly business that ensures all staff are WSQ certified.
- 2. Real Ingredients Only:** We ditch commercial syrups and powders for the real deal: fresh fruit macerations, caramelised banana and vanilla beans. We are fond of our coffee beans, an excellent blend of Brazil and Sumatra, and our Matchaya ceremonial matcha from Japan. You can taste the difference.
- 3. The First of Its Kind:** We are Singapore's only mobile bar featuring a Rose Gold Stainless Steel cart. Sleek, glamorous and designed for those who hate the "cluttered wooden cart" look. Our stainless steel setup isn't just for show, it ensures a café-grade, pristine brewing environment.

**No fluff. No compromise. Just exceptional beverage in style.**
